22nd January 2021

Dear Parents,

I hope you are all well and staying safe at this time. Please be aware that I do understand that this is a difficult period of time for all. You may be working full time as parents/guardians, you may have more than one child needing to access devices, you may have internet issues or you may have other factors affecting your family at this time. I would appeal to you to try your best without putting too much strain upon the family to encourage your children to participate.

At this stage all children in the school have been receiving work via SeeSaw. There has been a wonderful effort by the children. I know that home schooling is very difficult but I want to compliment you on your engagement with our online learning plan. It is so important that the children engage with their school work every day. I do not want to put extra stress on you, but if the children can participate every day, it really will make a big difference when they return to school.

I don't have any further information on when we are returning. The Government is still hoping that we will make a full return on the 1st of February. When I have any more information I will pass it onto you.

Finally, I would like to say, I wish your family the very best over the coming weeks. I look forward to working together with all of you, but I especially look forward to the time we are all safely back in the classroom enjoying school life again.

Thank you all for your continued support.

As always, I am available to talk to you. Please do not hesitate to contact me if you have any concerns at office@carnarossns.ie or by calling **087 9984612**.

Stay safe and take care.

Kind regards,

Dervilla Finnegan
